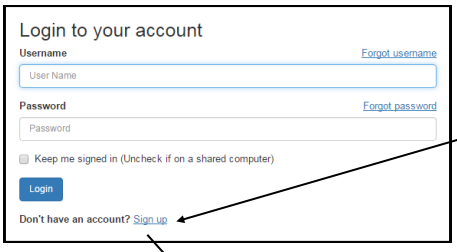
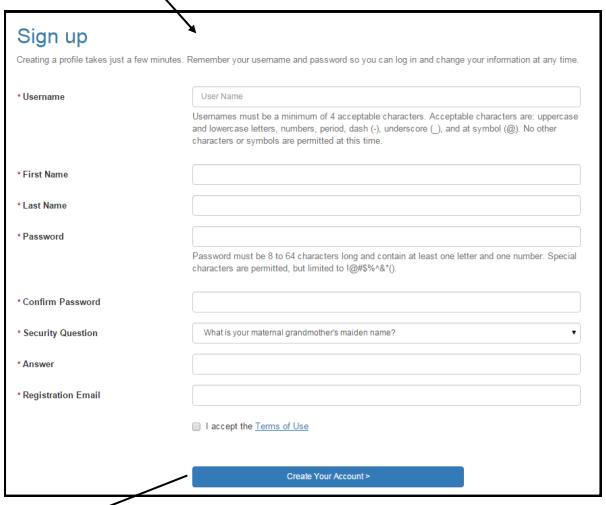
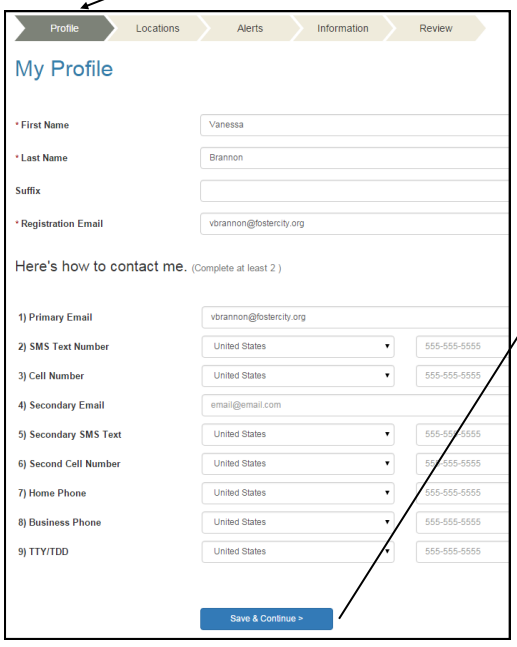
www.smcalert.info

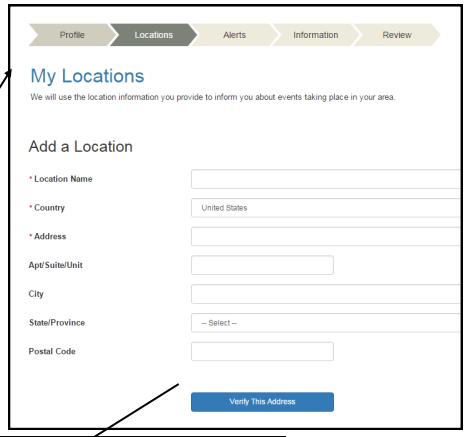
Taking care of yourself, your family and your home are the priorities after any large scale emergency.
Afterwards, SMCFD CERT may activate you to report to your Neighborhood Assembly Area to help with emergency response efforts. **SMC Alert** is one way you may receive CERT Activation Notification. **SMC Alert** is used to send emergency alerts, notifications and updates to your cell phone and/or e-mail account. It is a useful tool for ALL San Mateo County residents, but crucial to keep our SMCFD CERT members informed. Please register for **SMC Alert** today!

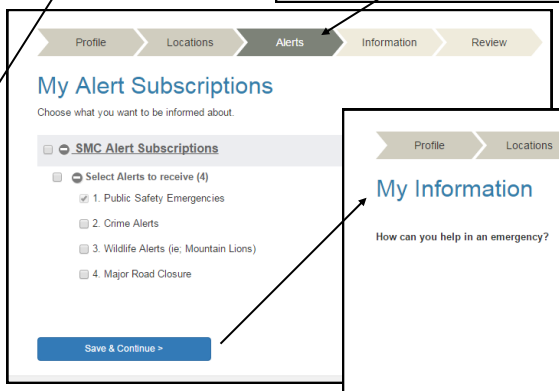


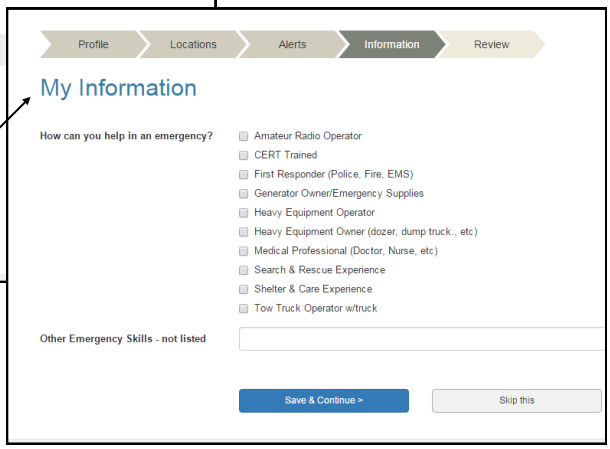
To register for this service, just go to **www.smcalert.info**, click on "Register Now." Then "Sign-up." Please be sure to register to receive alerts from your home & work areas. Be sure to mark that you are CERT-trained on your "profile."



What types of alerts are sent?








- Downed power lines, and other hazards
- Notify residents of the nearest emergency shelter, available bed space, hours of operation, during a crisis
- Notify residents of available evacuation routes during an emergency
- Public Health information
- Severe weather warnings
- Road closures
